The day she came

Current condition
7. This is Rocky, who was picked up from Urbana housing complex, after he met an accident. There is no outer injury but has a crack on his spine. Though he has improved a lot, he is still under treatment under our Orthopaedic surgeon.

8. The cow had an accident due to which her horn got broken where a maggot wound had developed. She also had an infection due to which she was kept in isolation from the other cattle. Now she has recovered & sheltered at Ashari, kept with our other bovines.
9. Apart from all these cases, we had ladies from Lions Club of Calcutta Priyadarshini visiting us again who brought treats for all our animals as well as staffs.

10. This is Noel, a student of class 12, who volunteers with us on weekends to help us with the basic cleanliness & hygiene of the animals along with their treatment & dressing.
11. This dog, who came in May’19 with a maggot infestation, has healed up a lot & is about to go home.
12. This puppy was affected by Papilloma and also had maggots inside his mouth. Now he has recovered & all his warts have fallen down. He has been released after treatment.
13. The malignant tumour case that came in May’19 has been released back in his location.
14. This dog was brought to Ashari after an accident. The limbs were badly crushed & had started to rot as well as he was brought after a couple of days of the accident.
15. In July, kids from Ektara NGO visited us with their mentors to be sensitized about street animals & animal cruelty.
